VOLUME XXVI.

MT. STERLING, KENTUCKY, TUESDAY, NOVEMBER 14, 1916.

NUMBER 20

HERE HE IS BOYS, AND HE SURE IS "SOME" ROOSTER.

He was somewhat puny Tuesday night when the returns from the East began coming in, but early Wednesday when the returns from the solid South and those splendid Western States began to cut away the Hughes majority he soon revived that old-time fighting spirit and shortly flew to the top of the Log Cabin where he will roost for four more years, while Woodrow Wilson, the best beloved of all living Americans, sits in the White House. It was a wonderful victory and we should all be proud of it.

DIES IN JESSAMINE

Mrs. Martha Seal, aged 80 years, died at her home in Jessamine county Thursday. Funeral services were conducted at the Presbyterian church at Nicholasville Saturday with burial in the Lexington cemetery. She is survived by four children, Mr. H. B. Seal, a merchant of Troy, and Mrs. Sam Black, of Troy; Mr. George Seal, of Atlanta, Ga.; and Mr. J. T. Seal, of Knoxville, Tenn.

Among those from this city who attended the funeral and burial were Mr. and Mrs. W. T. Fitzpatrick, Mrs. Sarah Hall and Miss Eliza Jameson.

FORMER LOCAL WOMAN DIES IN PHILADELPHIA

A telegram was received here Saturday announcing the sudden death Thursday of Mrs. W. W. Halbert at her home in Philadelphia, Pa., death being caused from heart trouble. The remains were taken to New York for burial Sunday. Mrs. Halbert who before her marriage was Miss Mary Ross, and was born and reared in this city and many old friends will be grieved to learn of her death.

WAREHOUSES ARE READY

The Whitehall, Robertson and Farmers Houses Ready to Receive Tobacco.

The three big loose leaf tobacco warehouses in this city are now ready to receive tobacco. We have been advised that any of the above named houses will be glad to have any farmer that needs his barn for stock or other purposes to bring his tobacco in and put it on the floor and be ready for the first sale, the date of which has already been announced. We have always urged our readers that have tobacco to sell to bring it to this city and again take this opportunity to impress upon them the fact there is no better market anywhere than here.

Our merchants will be glad to supply your wants and at prices that are reasonable.

HIGH SCHOOL WINS AGAIN

The Mt. Sterling High School foot ball team won another victory Friday afternoon when the strong Frankfort team was defeated by the score of 7 to 6 in one of the most interesting and exciting games seen on a local gridiron in a long time. The boys put up a brilliant exhibition, the playing of Blevins and Chenault was especially worthy of mention. Porter Hink scored the only touchdown for High School on a forward pass in the last quarter with only four more minutes to play.

STRIKE MAY BE CALLED

Construction of the Adamson Eight-Hour Law Under Discussion at New York.

Danger of a nation-wide railroad strike, which was believed to have been averted by the passage of the Adamson eight-hour law, has not entirely disappeared, it developed Monday, when representatives of the railroads and the four brotherhoods, comprising 400,000 employees, failed to reach an agreement as to the proper application of the new law. The stumbling block, both sides admitted, was the existing mileage system of compensation.

The announcement of the latest deadlock between the railroads and their employees came at the conclusion of an all-day conference between national conference committees of the railways and the brotherhood chiefs, which had been arranged in September.

"We met," said Elisha Lee, chairman of the railroad managers and the conference, "for the purpose of exchanging ideas on the application and operation of the Adamson law. We failed to reach an agreement and we are not certain that another meeting will take place."

William G. Lee, president of the Brotherhood of Railway Trainmen, spokesman for the employees in the absence of A. B. Garretson, of the Order of Railway Conductors, declared in a statement that in the event of evasion by the railroads of the Adamson law, summary action would be taken by the brotherhood. He said that the strike order, which was directly responsible for the law, was still in effect and the brotherhoods would not hesitate to enforce it if the occasion warranted it.

WILSON AND MARSHALL WIN AGAIN GREAT AND GLORIOUS VICTORY

Closest Race in the History of the United States Comes to a Close With a Splendid Victory for Our Matchless President, Woodrow Wilson.

Chairman Wilcox and Candidate Hughes Have Not Yet Given Up and are Waiting for Official Count.

When we went to press last Wednesday morning (a day later than usual), we were unable to state to our readers who had been elected President as the race was very close and both parties were claiming the victory. We did, however, state that the Democratic campaign committee was claiming Wilson's election by between 10 and 30 electoral votes and a comparison of the figures given elsewhere will show how well founded was this claim. The Republicans were claiming Hughes election but would give out no figures, so it looks like they saw the handwriting on the wall but were loath to give up. As will be noted by the tabulated list of states, the East went for Hughes while the South, West and part of the North lined up in the Wilson column. From the returns it appears that the Republicans will have a majority of four in the lower House with the Democrats controlling the Senate. For the first time in the history of this country a woman will occupy a desk in Congress, Miss Jenette Rankin having been elected from Montana on the Republican ticket.

President Wilson advocates the forgetting of party differences and urges a united people looking toward putting this great nation in the front ranks with other nations where she so rightfully belongs.

BILLY BRYANT SHOW ALRIGHT

The first performance of the Billy Bryant Stock Company was given at the Tabb Theatre Monday night to a large audience and was enjoyed by everyone present. The show was bright and clean and the specialities between acts, first class. We are sure that everyone got their moneys worth and that the show will be well attended for the balance of their engagement here. A change of program every night. This is the first visit here of this company and we are sure they will make many friends.

FUNERAL NOTICE FOR G. O. P.

Some practical joker last week, after the returns showed that Wilson had been re-elected, got out a funeral notice at the office of Mr. Clay Miller, the local job printer, announcing the death of the G. O. Party. Among the pall bearers were several prominent local Hughes supporters.

A LESSON IN WAR

Crawl through the trenches of an unfinished sewer excavation in the lush and cutting wind of a sleet storm. Touch off a few sticks of dynamite from time to time to keep you unaware of the lack of regular meals, and have an obliging policeman empty his revolver occasionally in your general direction. Four or five early morning hours of this will make you forevermore a real neutral.—Collier's Weekly.

TURNPIKE WORK

In order that the people may know what the state aid work has cost and what other work has been done upon the turnpikes and roads of our county, we publish herewith the report filed by County Road Engineer Horton, at the last meeting of the Fiscal Court:

"Mt. Sterling, Ky., Nov. 8, 1916.
To Hon. Wm. O. Chennault, Judge and the members of the Montgomery Fiscal Court.

Gentlemen:

In obedience to your request I beg to submit for your consideration the following statement of work done upon the turnpikes of our county during the present year, to wit:

State Aid Work.

31-8 miles water bound macadam on Camargo pike, done under state supervision \$6,893.58
2.3 miles on Owingsville pike, same character of work and under state supervision 6,234.32
One mile same, beyond Ewington 3,453.94

Total \$16,581.84

Of this sum, the State of Kentucky, has agreed to pay \$7,637, this being the full appropriation for our county this year, which will make a deficit of \$1,307.84. In other words the state will pay \$7,637 of the above amount and the county \$8,944.84. I do not give you the hundreds of items making up the above sum of \$16,581.84, as the Fiscal Court Order Book shows the items in detail.

County Work.

In addition to state aid work there have been many contracts let by the court and by the undersigned, by directions of the court, most of which have been fulfilled and for which vouchers have been issued, as shown by the order book above referred to, aggregating \$5,528.91. This sum added to the state aid work, makes total disbursements to date \$22,110.75.

As the law requires, the county has paid all of the amount due upon state aid work (except as herein stated) and certified the accounts to Frankfort. To do this, under direction of the court I borrowed from the various banks of the city, for and on behalf of the county, the following sums:

Montgomery National Bank \$4,000
Exchange Bank of Ky. ... 4,000
Traders National Bank ... 4,000
Mt. Sterling National Bank 3,500

Total \$15,500

The county has the following amounts that will be available for turnpike purposes:

Levy of .24 on the hundred dollars of taxable property, which I am compelled to approximate, as all taxes against corporations, etc., are not shown on Assessor's books ... \$18,250.00

Amount paid by the State of Ky. on account of last year's deficit 1,218.12
Appropriation for state aid work this year ... 7,637.00

Total \$27,105.12

From the above amount of course must be deducted the disbursements above named ... 22,110.75

Balance on hand, when all taxes, etc., are paid into County Treasury. \$4,994.37
To this sum should be added the sum of \$1,250

AN AGED WOMAN

Tells How Vinol Made Her Strong
In her eighty-second year Mrs. John Wickersham, of Russellville, Va., says: "I was in a run-down, feeble condition and had lost flesh. A neighbor asked me to try Vinol, and after taking two bottles my strength returned; I am gaining in flesh, it has built up my health and I am feeling fine for a woman of my age, so I get around and do my housework."
The reason Vinol was so successful in Mrs. Wickersham's case was because it contains the very elements needed to build her up.

K. R. R. for Rheumatism Helped Him and His Friends — Got Wonderful Results

Rheumatism can be cured and is being cured every day. Today K. R. R. is relieving the agonizing pain of innumerable rheumatic sufferers who wisely took the advice of those that K. R. R. has cured and are being cured themselves. Read this proof of the power of K. R. R. and get cured.
Testimony of the value of a cure is given by men in prominent places only after actual experience and careful deliberation: remember this while reading the following letter by an eminent North Carolina lawyer:
"Several years ago I was a sufferer from rheumatism. I tried a number of remedies without relief. I was induced to try Kampfmuehler's Rheumatic Remedy, and did so with very satisfactory results. I had such good results that a number of my friends who were afflicted with the same trouble came to me to know what I had taken for it. They all tried it with wonderful results."—THORNTON WELLS, G. A MODEL COMMUNITY

Down among the mountains of Tennessee, high on the Cumberland Table lands, lies the little town of Clifty. It is just a little mining town, peopled by a hardy, industrious set of people, but it is showing to the world how neighbors and friends may "dwell together in unity."

We have said that it is a mining town, but it is more; that the people are hardy and industrious, but they are more; they have the true com-

munity spirit—they are real NEIGHBORS.

This little town has conceived and put into force some community plans that might well be copied by other towns. Of course almost every family in the town owns and cultivates its own garden and "truck" patches, but this is not all. A few years ago the mine superintendent, a man of considerable learning and of a progressive spirit, conceived the plan of having all the citizens of the town own and cultivate a small tract of land in common. Five or six acres were first bought and cultivated as a "community farm." The result was a pronounced success, and each year thereafter the town added to its holdings until this past season it had about one hundred acres under cultivation on the "community" plan, and the people announce their intention of branching out still further.

Now there would be nothing out of the common in this if the experiment had not developed some gratifying results.

First, they discovered that in-

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

stead of fifteen or twenty families (about the number interested in the "community") each having to own and maintain a team, three or four teams were amply sufficient.

Again they discovered that instead of fifteen or twenty sets of agricultural implements being needed, only three or four of each kind were necessary, and of some, only one—a great saving all must admit. Each stockholder bears his pro rata share of expense and furnishes his pro rata amount of labor.

Briefly, the plan has proven such a success that the community now has its own silo, blooded hogs and cattle, and last year their exhibits led all others at their county fair.

But these are not all of the results. The close business association necessary in the successful working out of the plans has developed a spirit of community brotherhood that is a pleasure to witness. In this little town is exemplified a typical brotherhood of man. The welfare and comfort of the most humble is as carefully looked after as that of the most wealthy. They have a splendid school, church, Sunday school, and recently a commodious club house has been erected that is proving a power for good to both young men and older ones.

We have briefly sketched the results of this community plan of cooperation as showing what a true community spirit will accomplish. Many features of interest have necessarily been omitted from this article from lack of space. But should any other community desire to know more of their workings, a letter addressed to the postmaster will receive prompt and courteous answer and full information will be given of plans that can not fail to benefit any community.

Of course there will be a lot of dead carcasses lying around after the election, but the lure of the public crib will bring them back to life again.

Good men in public office are often hard to get, but human nature is so perverse that once we get them we are never satisfied until we get rid of them.

Hardware and Implements

A great many people fondly imagine that if they are honest, pay their debts, and do not speak disparagingly of other people they are among the mainstays of the town. But such is not always the case. Honesty and a careful mouth are much to be commended, but this town needs more than that. It needs citizens who will go out of their way to DO SOMETHING for the town, who will labor to better local conditions, who will go their length to bring new industries and new people to our community. Such people as these are in reality the mainstays of a town. And we need a few more mainstays.

Now that the smoke of the political battles is drifting away, perhaps we can get down to business and dig up a little prosperity for this community. We have whooped it up for our favorite candidates and given them the benefit of our influence and our votes. If we are equally energetic in whooping it up for our local community we may accomplish some definite and tangible results that will bring at least a semblance of prosperity to us.

Everybody wants peace in Europe, but nobody wants it on the other fellow's terms. Hit 'er up!

No man is ever so great but what a dirty street urchin can make him look like thirty cents.

MOTHER'S REMEDY FOR BRUISES

Children's Bumps, Sprains and Minor Hurts Quickly Relieved by Sloan's Liniment

It is the very nature of children to hurt themselves—to come crying to mother with little fingers bruised, with heads bumped, with sprained ankles and wrists.

They are painful hurts, too. But their pain and sting can't survive the gentle use of this liniment. A single application of Sloan's Liniment and the little fellow's bravely kept back tears give way to smiles. His hurt is relieved.

In every home where there are children a bottle of Sloan's Liniment is a necessity.

Aching muscles, rheumatism, lumbago, stiff neck, backache, chilblains, etc., can be effectively relieved with Sloan's Liniment. Cleaner than musky ointments or plasters.

Sloan's Liniment can be obtained at all drug stores, 25c, 50c. and \$1.00.

SYSTEMATIZE

Your household expenses by opening a bank account for your wife. Give her a check book and teach her the use of it. Pay the butcher, the grocer, the baker, with a check. Then at the end of the month you'll find out just how much it costs you to run the home. When payment by check is made there never is any doubt as to whether or not a bill is paid. The check is a receipt.

Besides, a checking account will give your wife a business education. The number of ordinarily bright women who know absolutely nothing of banking is surprising. If you are a husband, father, brother, you cannot tell when death may overtake you, and it is well that your wife, daughter and sister know something of banking.

ON THE QUESTION OF GOOD ROADS

Without charge and by request of our Fiscal Court, we re-produce in this issue, the report of Mr. W. F. Horton, County Road Engineer, of work done this year, including state aid work. It will be seen that a fraction less than six and one-half miles of water bound macadam on the Camargo and Owingsville pikes cost \$16,581.84, or about \$2,550 per mile, on an average. This work, so far as we have been able to learn, was well done and constructed according to the state plans and specifications. We have no criticism to make of the work, or its cost, but we think this report proves our oft repeated assertion that the state requires state aid work to be done too well. Theoretically for one to say that everything one does should be done perfectly is alright, if one has unlimited means, but the trouble with such a plan in the poorer counties of the state, is that the money runs out before the work is fairly started. We have about one hundred and twenty-five miles of macadam and about one hundred and seventy-five miles of dirt roads. To spend so great a sum on a few miles (regardless of how well it is spent) requires the balance of the county to be neglected. Our judgment is that a more equitable plan would be to spend say \$500 a mile on thirty-three miles, (which could be done for the above sum), and it would not be long until all of the roads of the county would be put in reasonably good repair. Unless the state authorities do arrive at some plan whereby our limited means may be made to serve a greater number and a larger territory, we cannot become very enthusiastic over state aid.

Before dismissing the campaign from our minds, it is well to do justice to that incorruptible patriot William J. Bryan. Instead of sulking as many thought he would, he stumped sixteen western states, paying his own expenses and did more for the Democratic ticket than any other single individual. The New York Post, which has never been an admirer of the Commoner said of him: "He is giving more of time, energy and money combined than any other single man to bring about the re-election of Woodrow Wilson."

For the first time in its history, so far as we are aware, the colored section of the county jail is unoccupied and has been for some weeks, while there are but three prisoners in the white section, two charged with misdemeanors and one felony prisoner transferred here from Bath county. Such a condition speaks well for our county.

We are in receipt of an unsigned communication requesting that same be published. We have an established rule never to publish any contributed article unless signed, not that we will publish contributors name, but for our own information and protection we must have same.

We don't blame Mr. Hughes for being slow about giving up. One must remember he hastily gave up a big job recently.

No wonder Mr. Hughes lost. No man could hope to have any luck who voted ballot No. 13 and was born on Friday.

Don't Be Misled

Don't let demonstrators of alum baking powders mislead you with false tests and statements about the wholesomeness of their products.

Find out by carefully reading the label if the powders they offer contain alum.

And remember that alum is derived from mineral sources, and declared by many medical authorities unsafe to use in food.

To insure healthful food and the best results in baking, prudent housekeepers always use

ROYAL BAKING POWDER

which is made from pure Cream of Tartar derived from grapes, a natural, healthful food. Hence, it assures wholesome and appetizing cakes, biscuits, muffins and pastry.

WOMEN GIVE OUT

Housework is hard enough when healthy. Every Mt. Sterling woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Mt. Sterling woman's experience: Mrs. Nelson, 43 Richmond street, Mt. Sterling, says: "I suffered from most every form of kidney trouble. My back pained me. I felt tired and worn-out and had nervous headaches. Doan's Kidney Pills made me feel like a different woman."

OVER THREE YEARS LATER, Mrs. Nelson said: "I still think highly of Doan's Kidney Pills and gladly confirm all I said in their praise before."

SOCIAL EVENTS

Bridge Party

Mrs. Charles Hazelrigg entertained Thursday afternoon with a Bridge party at her attractive home on Howard avenue. Pom Pom chrysanthemums of various colors were used for decorations. There were seven tables and after the games a most delightful lunch was served.

The women of the Episcopal church gave a Silver Tea on last Wednesday afternoon from 3 to 5 at the Tea Cup Inn. There were quite a number present and a neat sum was realized. This is one of a series to be given this winter.

Mrs. Charlie Lindsay will be hostess at two parties this week. Wednesday she will entertain with a Bridge party and invitations have also been issued to play Five Hundred on Thursday afternoon.

Mrs. Dillard Hazelrigg and Mrs. William Strossman will be hostesses on Friday, November the seventeenth at Ringo's Hall. Five Hundred is the game to be enjoyed.

Reception.

Mrs. Jack C. Graves, Miss Graves and Miss Minnie Graves will entertain on Saturday afternoon, November the eighteenth from 3 to 5.

One of the most enjoyable social entertainments of the autumn season was given by Mrs. Henry W. Senieur at her attractive home on West Main street on last Thursday afternoon, when she entertained about fifty of her friends at "500" and "Rook." The rooms were attractively and artistically decorated with beautiful chrysanthemums. After the games an appetizing and tempting lunch was beautifully served. Mrs. John M. Jenkins, of Winchester, was the guest of honor.

BIBLE CLASS ENTERTAINS

One of the most enjoyable receptions in church circles was given by the large Bible class of Trimble's Loyal Women of the Christian church Friday afternoon at the church parlors. The rooms were beautifully decorated with fall flowers and potted plants. Delightful music was rendered by Mrs. Charles D. Grubbs, Miss Alta Evans and Mr. William Woodford. Refreshments of coffee, sandwiches, chocolate and candies were served. Mrs. Fannie Goodpaster and Mrs. Lizzie Johnson presided gracefully at the coffee and chocolate table.

Those who assisted in looking after the pleasure and entertainment of the guests were Mrs. Leo Games, Mrs. D. C. Tipton, Miss Bettie Roberts, Mrs. Thomas Kennedy, Mrs. John G. Winn, Mrs. R. C. Gatewood, Mrs. Marion O. Cockrell, Mrs. Henry R. Prewitt, Mrs. Ben G. Land.

The membership of the class, including the home department, numbers 257 and a large number of them attended and spent a pleasant and enjoyable time mingling together.

FIT—perfect fit—do you know what it means in underwear—especially union suits?

We believe that Munsingwear union suits will give you a new idea of underwear fit.

The way they cover the form—without gaping at the seat—the manner in which they give and take with every twist of the body and every contraction of the muscles—without binding at the crotch—has been a surprise and delight to millions.

Munsingwear fit is one of the distinct features that explain the annual sales of over 10,000,000 Munsingwear garments—and the ever increasing demand from millions of satisfied users.

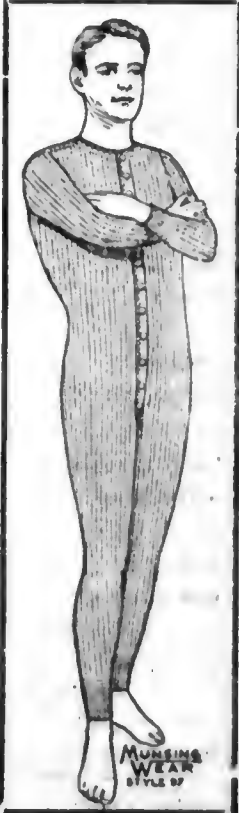

And the beauty of the Munsingwear fit is that it doesn't wash out.

The comfort of Munsingwear fit is further increased by softness of the elastic Munsingwear yarns, the smooth seams, the perfect crotch and perfectly balanced gore in the seat.

The prices of Munsingwear garments are very moderate—much less, perhaps, than you imagine for such fine quality. The range of fabrics, styles and weights is very wide. They are made for men, women and children.

There is a correct fitting Munsingwear garment for YOU in any style, weight or fabric desired. Ask us to show you.

CAREER OF WOODROW WILSON

Born December 28, 1856, in Staunton, Va. Scotch-Irish descent. Son of Joseph Ruggles Wilson and Jessie Woodrow.
1875—Entered Princeton University. Became interested in history and defects in American system of Government.
1879 Graduated from Princeton. Took course of law at University of Virginia. Rested with parents a year at Wilmington, N. C.
1882—Began practice of law in Atlanta, Ga.
1883—Met Miss Ellen Louise Axson, whom he afterward married.
1885—Student at Johns Hopkins University. Married on June 24. Began teaching a girls' school, Bryn Mawr, near Philadelphia.
1888—Teacher of political economy and history at Wesleyan University, Connecticut.
1890—Professor of jurisprudence and politics at Princeton University.

Author of many books, including "History of the American People."
1902—President of Princeton University. Established preceptorial system, which took care of the students' spare time. Attempted to break up cliques in college and have students commingle in dormitories. Plan finally rejected by trustees, after being accepted.
1910—Became candidate for Governor of New Jersey, being taken up by James Smith, Jr., in Democratic year. Elected by almost 50,000 majority.
1911—Blocked Smith's design to get into United States Senate. Stood for primary system. Called "ingrate" by Croker. Denounced by James R. Nugent, of New Jersey, as "Liar and ingrate."
1912—Nominated for President of United States after heated fight in Democratic Convention, William J. Bryan quitting Clark at a crucial moment and throwing his strength toward the New Jersey Governor.

1913—Inaugurated President. Began to deliver messages to Congress instead of having them read by a Congress clerk. Pushed through Congress Tariff Bill, lowering schedules and making wool and many other things free, with sugar free in three years. Demanded repeal of Panama Canal tolls clause. Congress acceded to request.

1914—Congress passed and President signed Federal Reserve Bill. Anti-trust Bill and similar measures passed. Continued struggle to get rid of Huerta. Finally successful when dictator abdicated. Mrs. Wilson died.

1915—Had controversy with Germany regarding submarine attacks on ships. As result of notes Germany promised not to torpedo ships without warning nor any neutrals unless they carried contraband of war.

1915—Married second time, December 18, to Mrs. Edith Galt, of Washington.

1916—Renominated to presidency. Controversy with Carranza regarding American troops in Mexico. Trouble averted.

1916—Urged Congress to pass eight-hour law to avert railroad strike. Congress followed advice.

HOW'S BUSINESS

Business good? No, BETTER! 1916 in the busiest year we have ever experienced. Here, there and everywhere—the outlook presented is one to make business men rejoice. Railroads are crammed and jammed with freight—mills, factories, looms, every machine that can turn a wheel is busy for the next twelve months.

Could anyone ask brighter, more glorious prospects? Time now for knockers to join the "Noknmore Club"—time now for gloomy cloud-watchers to bring their eyes to earth and look at actual conditions. Pessimists are through—they're out of their jobs. 1916 has brought about an era of prosperity and success which every man of affairs agrees is not "blue sky" but "long green."

Get in the Boosters' column yourself. Help the work along by your contribution to the atmosphere of good spirits and brighter conditions. You have probably made more money than ever before during 1916—keep the ball rolling this coming year, also, and you'll surely reap plentiful dividends of wealth, health and happiness.

Say what you please about enthusiastic people, I like them. The cold, clammy people, who intimate that they have always had better than you, don't please me. And if people are enthusiastic over our new suit, we don't care whether they are sincere or not.

We would ask you not to let our remarkable offer conflict in your mind with other such offers that have been made at drug stores and other places by men who were not responsible nor established anywhere nor do they claim to be; as to ourselves, we are located and established both.

We guarantee our work and glasses both for 5 years in writing and as to the responsibility of our guarantee we will give bankable references to those desiring same. These glasses we are advertising are the kind that usually sell at most optical establishments at \$5.00 and in some cases even more. This is the first time to our knowledge that such an offer has

been made by responsible people who will stand back of their work and who cannot be branded as fakirs as some have. We will make these prices THIS VISIT ONLY and no more. Call and see us and we will explain how these prices can be made. You are not obliged to buy any glasses and all EXAMINATIONS ABSOLUTELY FREE.

MONTGOMERY CIRCUIT COURT.

Bonnie E. Day, et al.Plffs.
Vs.
Douglas L. Day, etc.Def'ts.

Notice of Sale in Equity.

By virtue of a judgment and order of sale of the Montgomery Circuit Court, rendered at the October Term, 1916, thereof, in the above cause, the undersigned will, on the

20th Day of November, 1916

at one o'clock, p. m., or thereabout, (being Court Day), proceed to offer for sale, at Public Auction, to the highest bidder, on a credit of six, twelve and eighteen months, at the Court House door, in Mt. Sterling, Ky., the property mentioned in the judgment, to-wit:

A certain tract of land situated on the waters of Lulbegrud Creek, in Montgomery county, State of Kentucky, and bounded on the north by the lands of Thornton Snelling, on the east by the Mary Anderson and Barrow lands, on the south by a 201 acre tract of land formerly belonging to B. F. Day, and on the west by Moberley heirs land, and containing 158 acres of land; and being the same land conveyed to Douglas L. Day in a deed of partition between the said Douglas L. Day and B. F. Day, dated November 20, 1911, and of record in Deed Book 65, at page 588 in the Montgomery County Court Clerk's office.

The said land will be sold as a whole. The amount of the debts, interest, and costs for which said sale is to made is \$5,408.93.

The purchaser will be required to give bonds, with approved security, for the payment of the purchase money, to have the force, and effect of a replevin bond, bearing legal interest from the day of sale, according to law. Bidders will be prepared to comply with these terms. A lien will be retained on the land sold till all the purchase money is paid. Bonds payable to the Master Commissioner.

WM. A. SAMUELS,
18-3t Master Commissioner M. C. C.

It makes not a bit of difference who you are or what you are, this town has done more for you than you have for it. You may be rich, or you may be poor, or just in moderate circumstances, but in either case your home town has done much for you that you have never recognized or repaid. This statement is worthy of serious consideration by every citizen who believes in giving as he receives. If you give it the consideration it deserves you will get busy right away and do your full share towards making this a bigger and better and more prosperous town in every way.

Number of houses cleaned and fumigated 3
Number of pieces of literature and magazines distributed 25
Number of rural schools visited 4
Number of pupils examined 193
Public talks made 2
Complete outfit secured for newborn baby

Can anyone read the above report and fail to recognize the importance of keeping a community worker in Montgomery county? Those of you who read this report and have had trained nurses in your home when some of your family were ill and know the luxury of having such a person around, just think what it would mean to these people to have someone come in and show them how to bathe a typhoid fever patient, how to prepare the proper food and how to look after the newborn with regard to treatment of eyes, food, etc., and in so many ways the community nurse brings cheer and comfort into the homes of these people. This is the philanthropic side of the work of the public health worker and is the side that will interest most people; but aside from having any philanthropic impulses let us read carefully what the community nurse is doing in social service work and in the welfare department. We class the work in the following: Tuberculosis calls, metropolitan calls, business calls, social service calls, etc. When we say social service calls it means a call like the following: The nurse recently had reported to her a child that had been sadly neglected and should be in the orphan's home. The child was in a home in which the family liked to move every two or three days; the result was that the nurse had to trace these people to both Harrison and Bourbon counties before she could locate the child. After spending two days in the search she at last found them with the help of the police of Paris, finally got the boy on the train and took him to Louisville and put him in a clean, warm home where he will have plenty to eat and wear. Then take the Welfare Department, think what it means when a patient dies or moves that has had an infectious disease, to have the house cleaned and fumigated under the directions of a trained nurse. Does it mean anything to you if diphtheria or scarlet fever or any other infectious disease should break out in the school which your child is attending, to have the nurse give health talks to try and prevent the spread of disease? The business of the nurse is to spread the gospel of sanitation as well as look after the comfort of these people. Does it mean anything to you to have such a person in Montgomery county? If it does, get busy and help push the work in your district so Montgomery county will get in line with Woodford, Clark, Bourbon, Scott, Harrison, Boyle and Nicholas and many other counties that have community workers, for we must have support from the Fiscal Court as in other counties in order to keep the work going; so talk to your magistrates and help to procure an appropriation for the public health of Montgomery county.

LIFE'S A GAME

Life's a game, and we are all players in it, to paraphrase Shakespeare. And the best two cards in any hand are illustrated below—

First, the PAY ENVELOPE—Second, the BANK BOOK

Without the pay envelope there can be no bank book. Without the bank book the pay envelope is robbed of its FULL VALUE. The BANK BOOK is the logical, sensible supplement of the PAY ENVELOPE. Do You Hold These Winning Cards?

The report of the nurse is not as large during October as in September owing to the fact that she was away one week to attend the Mississippi Valley Conference on Tuberculosis in Louisville.

Speedy and Easy Riding

There's little comfort in most low priced cars. You can't use their speeds. They jostle you—they ride roughly—they don't hold the road.

The \$635 Overland is different. It is not only the speediest of low priced cars—

But you can use the full speed of its powerful motor when you need it.

It has long 42-inch, easy riding, shock absorbing cantilever rear springs. In addition the 75 B Overland is a longer car—104-inch wheelbase. And it has 4-inch tires.

Its smoothness and ease of riding at any speed would do justice to a much larger and heavier car.

Come in and let us demonstrate. That's the best kind of proof.

CLIPPINGS FROM THE SNAGTOWN TORCHLIGHT

Dr. O. W. Huff, our popular fellow-township citizen, couldn't attend the Methodist banquet last night because gout had paralyzed his appetite and tonsillitis had muffled his voice. And unless a man has a swine-like appetite and a caltropic hazzoo he has no business at any kind of banquet, much less one that includes a fried chicken shower and the right of free speech.

A flock of wild geese spent Thursday at old Dr. Smith's pond. They are on their way south to spend the winter. He says they appeared to be much benefited by their trip north.

The Lazy Holler Fiddling Band walked itself almost down last week trying to learn to play a march.

The storm party scheduled to take place at "Daddy" Kirk's on Tuesday evening last was postponed

on account of the pretty weather and full moon.

The automobile that passed this way a few days ago failed to do as much damage as was at first reported. Most all of the old maids and children in Snagtown have been rounded up and brought back from the woods.

At the Gimlet Creek Church, last Sunday, old Daddy Kirk, one of the popular deacons, said in a little talk: "Nobody is ever took away before their time. When they're took, their time has come, an' that's all they is to it; but we that are a-doin' of good in the world want our time extended, if possible. An' speakin' of my ownself, I'm free to say that if the Lord is too busy makin' stars an' cullin' on the other folks, to bother with my own case just at present, it'll be most agreeable to me!"

J. F. Cross was all dressed up in his standing collar last Sunday, and was seen going in the direction of the Wildcat School House. He puts on his high collar whenever he wants to walk in the straight and narrow pathway.

H. C. Denton, who lives over in the Coon Holler neighborhood, subscribed for the Snagtown Torchlight

day before yesterday. He has been acting a little strange for some time, but nothing much was thought of it.

If people would quit drowning young kittens by the sackful the rat-trap factories would have to go to making mule muzzles.

MARRY IN LEXINGTON

Mr. Allie Young Foley and Miss Nettie Booth, prominent young people of the Sideview section, were married in Lexington last Wednesday. They were accompanied by Misses Emma Todd and Lucile Booth, a sister of the bride, and Messrs. O. W. McCormick and Henry Gaitskill. After a brief honeymoon Mr. and Mrs. Foley will return and take up their residence at Sideview where he is engaged in farming. The bride is a daughter of the late Theodore Booth and a very sweet and popular young girl, while Mr. Foley is a son of W. E. Foley, well known farmer of the Sideview section. Both are held in high esteem and their wedding is of much interest.

A girl knows that a fellow is engaged to her long before the fellow himself knows it.
